Dear Hiring Manager,

I came across your job posting for the open position at your company. After reviewing your job description, I would like to inform you that I am interested in this position and am certain that I have the necessary skills to do the job and perform above expectations.

I am a senior (3.85 GPA, BS in Information Technology) about to graduate from the University of South Alabama this upcoming semester. I anticipate having accumulated 3 years of industry related work experience by time I graduate. During my academic career, I have had the privilege of working for the University of South Alabama spanning several overlapping internships, where I learned valuable professional and interpersonal skills. In both my academic and professional life, I have been consistently praised for developing efficient solutions to tasks I am presented with. I am certain you will find that my attached resume and portfolio website will meet the requirements for the open position at your company.

After reviewing my resume and portfolio website, I hope that you will agree that I am a competitive candidate for what you are looking for to fill your position. I look forward to hearing from you to further discuss how my skillset will benefit your organization. Please contact me via email at jmfoots@gmail.com to arrange for a convenient meeting time.

Thank you for your consideration,

Sincerely,

Jonathan Foots
